Application No. 09/829,665

The Statement indicates that "Le Gallic and Germany 2,433,729 appear closest to claim 8 limitations". Applicants respectfully object to the use of the term "closest" as the Statement fails to explain the meaning of this term.

Although the Statement for Reasons for Allowance mentions certain features in the references cited and the claims, the claims are considered "as a whole" relative to the references cited. Applicants respectfully submit that the claimed invention "as a whole" is not suggested by the art, including Le Gallic and Germany 2,433,729,.

Respectfully submitted,
